Re: *Notice of Written Ex Parte Presentation – CC Docket No. 96-115; RM 11277*

Dear Ms. Dortch:

This letter is to advise you that on behalf of Verizon Wireless, I met today with Scott Deutchman and John Branscome, both of the office of Commissioner Michael J. Copps, to discuss the petition filed by the Electronic Privacy Information Center ("EPIC").

We discussed Verizon Wireless' opposition to an opt-in consent requirement for disclosure to third parties, particularly given that there is no evidence in the record that disclosures made for marketing purposes are the source of information obtained by pretexters. We discussed the importance of retaining the "total service approach", the statutory exception for disclosures contained in 47 U.S.C. § 222(d), and constitutional concerns with opt-in consent. We also discussed why a prohibition against the use of biographic data for authentication purposes would make it impossible for carriers to avoid the use of passcodes, in effect making such passcodes mandatory.

Consistent with the Commission's rules on *ex parte* communications, please associate this letter, which is being filed electronically, in the captioned docket. Please

Ms. Dortch
